January 6, 2014
IHS Room 203 12:00-1:00

This was the fifth, regularly scheduled, general Boosters meeting.

In attendance:

Kathie Goldberg, Jayne Findlen, Joanne Devine, Sharon Schrage, Joy Strotz, Anthea Humphreys, Mark Zimmerman, Mary Danahey

Principal's Report

Mark Zimmerman informed us of the upcoming Professional Development Day on Wednesday, Jan 8th. The focus will be on Growth vs Fixed Mindsets and how educators can help students develop growth mindsets. There will be a delayed start.

The demolition of the weight room is still being discussed. An assessment of the severity of the asbestos is the hold-up. Mark is hoping that the assessment can occur this week and that the removal can occur during the February break.

The "White Out" on Dec 20 was a great success. Mark will ask TK if he is up for another pep rally on 1/17 and/or 1/31. Boosters will supply ice cream again for those wearing white. Mark will also follow up with the bagpipe group to see if they are willing to perform (again) and for what cost. A suggestion regarding having the bagpipers attend a number of sporting events throughout the school year was raised. Mark will follow up with this group regarding their availability and price and with TK as he might have a contact as well.

Note: a video of the bagpipers was posted to the IHS Facebook page and received 1789 hits..

Test results for Junior and Senior HSPE's are due any day. Sophomores will take their tests in March. PSAT results were handed out on Wednesday, Jan 8th
